# Careers Prefect Association (CPA)

The academic year of 2016 - 2017 was a great step forward for both the Prefects and the Careers Team, as our Careers Prefect Association (CPA) was first set up last year. It aims to train students how to organize and lead the activities for Careers and Life Planning (CLP) Programmes. Here were the committee members of the first CPA team.

Table of committee list :

Teacher Advisor :	Mr CHAN Shui Leung, Anthony and Mr CHAN Chun Ket, Patrick	
Chairman :	5D Cheung On Yiu	
Vice Chairman :	5D Chan Ho Wang	
Committee members :	3A Kan Chi Nok	3B Chan Tin Nok
	3B Cheng Sung Ip	3B Poon Cheuk Kit
	3D Mak Chun Kit	4A Tang Ho Long
	4B Ng Hon Chung	4B Tang Sek Tim
	4B Chan Yu Sum	4C Ng Yu Chung
	4C Li Yik Chun	4C Lee Chun Ho

## Words from Chairman of CPA

In this school year, the Careers Prefect Association contributed to the success of several activities which ranged from organizing interactive games for our fellow schoolmates in the Joint Clubs Exhibition to taking up leading role on the Music Fun Day at HHCKLA Buddhist Po Kwong School; from ensuring the smooth running of two school seminars to organizing three joint-school activities with True Light Girls' College.

As the chairman and on behalf of the first executive committee of the CPA, I would like to express our gratitude to our teacher advisors, Mr. CHAN Shui Leung and Mr. CHAN Chun Ket, for their unfailing guidance and support. It has been our tremendous pleasure to get to know the most up-to-date further studies information ourselves and to enrich our fellow schoolmates' understanding of the multiple pathways awaiting them. Although our help may just be a drop in the bucket, we sincerely hope that we have motivated our schoolmates to get to know more about their life planning.

Being a committee member of the CPA is not only an once-in-a-lifetime experience, but also a precious opportunity for us to plan our own future better. Although my term of office has come to an end, I will continue my support to the upcoming committee.

## CAREERS TALKS

*To Be A Civil Engineer 3A YUENG CHIN HO*

In a talk on civil engineering organized by the CPA, I learnt how I should prepare myself if I want to be a civil engineer. First of all, I must have a university degree in civil engineering. During the talk, a civil engineer, who is currently working in the MTR, introduced his duties including designs, construction, project management and authority approval. All of these are vital for the projects in his company. Take rock blasting as an example, I thought the process of blasting the rocks sounded simple: just put some explosives on the rocks and then ignite it. But I have never considered that there are many conditions and limitations during the process such as whether the buildings around would be affected, accurate measurement of the amount of explosives, the relief of the place and so on.

After I listened to this introduction, I instantly felt I was very naive and shameful because I realized that I know very little about the procedures. Before that talk, I thought that I have grasped adequate knowledge in engineering. However, after the talk, I have learnt not only about the duties of the engineering jobs and the procedures in the construction of a railway, but also a humble attitude and an inquisitive mind towards a career. I know there are still many things for me to learn in the world.

# Visits and Workshops

3D Printing Workshop  
4D WONG CHAK SHING

3D printing Workshop on 5 -7 Jan 2016

3D Printing is one of the latest IT technologies nowadays. I am glad that I could learn more about 3D printing through a 3D printing workshop organized by the school careers team.

I have learnt how 3D Printing works and its processes. I have got the chance to experience the procedures of 3D Printing and a 3D Pen. The participants of the workshop could create and make a model by themselves. As 3D Printing is prevalent nowadays, such an experience can help us develop our future career in the IT industry. I think this program can help me achieve my dream.

In conclusion, this experience has widened my horizons. It is a great chance for students to open their minds to find and explore their career paths and goals. I hope more activities could be held in the next academic year so that we can have the opportunities to experience more.

# 我在「夏雪甜品店」的體驗

中三乙 潘焯傑

我參加了在這一年「升學及就業輔導組」舉辦的活動後，我對擇業的看法有所改變。

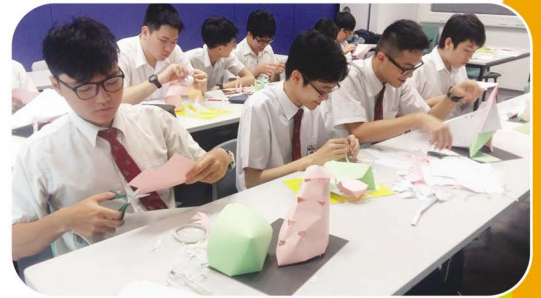

我一直深信找甚麼工作，只需要足夠的學歷和經驗，老闆就必定會聘請。參加了「夏雪甜品店」這個活動後，我明白了求職除了學歷和經驗之外，老闆也會觀察你對這份工作有沒有熱誠。儘管你對某類工作沒有任何經驗，老闆都可能因你面試時能表現出的熱誠而聘請你工作。

除此之外，我體會到做老闆其實是不容易的事，除了要管理店舖的資金，還要觀察員工的態度及體諒員工，或排難解紛。例如：員工與客人爭執，老闆要了解事件起因，如果此事因員工的行為失當而起，老闆須為此事而向客人道歉並賠償。相反，若是客人的行為使員工感到討厭，老闆也須恰當處理，例如請客人離開或勸阻他的行為。

現時的店舖競爭性很大，為了讓店舖持續經營，需要不斷創新去吸引消費者。例如「夏雪甜品店」的老闆在每天下班的時候，都會與員工們一起構思新的甜品，店舖的招牌甜品就是這樣誕生的。不少食客更特意到此品嚐並把照片上傳網絡，吸引更多人到此光顧，可見老闆和員工對工作的熱誠讓他們步向成功。

## 內地實習計畫 廣州市南沙國際青年創新創業協會

中六乙 湯昌榮

我初次看到實習機構名字時一臉茫然。這一份無知，也倍添我在入職前的擔憂，怕自己無法勝任實習工作。幸而，四星期的實習過程中，我緊繃的心逐漸釋然，從第一天的迎新飯宴，到同事間的日常相處，乃至他們工作上的指導，我都能體會到他們的親切，使我開始期待上班。

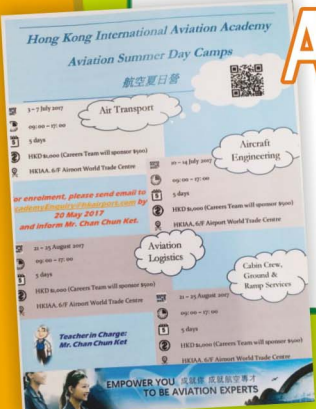

工作上我亦獲益良多，例如學到如何善用網上資訊，簡明扼要地撰寫報告，也了解到當前廣州南沙經濟現況，企業營運的資訊等。更重要的是，我學懂如何看待一份工作，當你每天看著所有同事從早到晚不間斷工作，你會學懂，認真的態度是工作必須的。

實習快將畫上句號，我想我不會忘記這一個月的時光，更不會忘掉一個月來建立的友誼，一切都會存於我腦海中，一輩子。
