2. To develop and strengthen the Whole Person Development of students through enhancing their intellectual, physical, professional, psychological, social and spiritual capacities.

(II) Situational Analysis**(a) Strengths**

1. 2 G.E. Lessons are scheduled for S1 to S3 and more teaching time can be allocated to special teams for holistic education.
2. The second lessons of each cycle for S1 to S3 are mainly taught by class teachers in their own classrooms, hence the class size is smaller, and more interactions can happen.

(b) Weakness

1. Students especially S1 students are not familiar with the skills of jotting notes and writing reflections.
2. S1 students need more chances to learn how to adapt to new school life and build up their sense of belongings to school.
